

## Air Canada luxury motorcoach service to connect Niagara travelers to Toronto Pearson

*Bookings open today, March 12, for travel June 15 onward*

March 12, 2026

FOR IMMEDIATE RELEASE

**Niagara-on-the-Lake, ON** – Beginning June 15, 2026, Air Canada and The Landline Company will provide a direct connection between Niagara District Airport (YCM) and Toronto Pearson International Airport (YYZ) via luxury motorcoach service.

“Air Canada is very pleased through its partnership with Landline to offer customers in Niagara a convenient travel alternative,” says Ranbir Singh, director, regional airlines and markets at Air Canada. “This new service connects Niagara residents to our global hub at Toronto Pearson, linking them directly with almost anywhere in the world.”

“Niagara residents can now begin their Air Canada journey just minutes from home,” says Nicholas Johnson, vice president of commercial at The Landline Company. “With convenient parking, check-in, and bag tagging in Niagara, travelers can skip the drive to Toronto and relax on a seamless ride to Toronto Pearson with fast, free onboard Wi-Fi, while earning Aeroplan points across their entire itinerary.”

Niagara residents will easily connect to popular destinations across Canada such as Vancouver, Calgary, Edmonton, and Halifax, as well as major cities across the United States, Europe, Asia, and beyond. Residents will book the service like any other connecting flight by searching **Niagara (YCM)** to their end destination on [aircanada.com](http://aircanada.com), allowing the motorcoach segment to be included seamlessly in their Air Canada itinerary.

"This new service represents a major step forward in improving air travel access for Niagara residents and visitors to the Niagara region," says Greg Wight, chair, Niagara District Airport Commission. "By partnering with Air Canada and Landline, we are welcoming direct, easy, and convenient travel experiences – with significantly less associated costs and stress – to benefit the half-a-million residents who call Niagara home, and the 13 million tourists who visit Niagara each year."

The new motorcoach service will also provide an enhanced travel experience for tourists planning trips to Niagara. Travelers will book their flights from their departure cities directly to **Niagara (YCM)** on Air Canada’s website. With a single ticket and a seamless travel experience, visitors can arrive closer to what matters – and to where their trip truly begins – right here in Niagara.

“As visitors step off Air Canada’s motorcoach, they’ll immediately be immersed in the vineyards and landscapes that help define our region, offering a small preview of the experiences waiting for them throughout their stay,” says Wight.

Singh adds, “our new service will contribute to the region’s dynamic tourist industry by making Niagara more easily accessible to the visitors we bring to Canada through Toronto Pearson from all over the world on our global network.”

## A seamless travel experience

The Air Canada motorcoach service, operated by Landline, offers a premium travel experience designed to complement airline travel. The service will operate three daily roundtrip departures, providing a reliable and comfortable connection between Niagara District Airport and Toronto Pearson. A secondary pickup and drop-off location will also be available at the Marriott On The Falls Hotel in Niagara Falls, offering additional convenience for travelers and visitors staying in the region.

Service perks:

- Free high-speed Wi-Fi onboard
- Power outlets at every seat
- Aeroplan point accrual
- Spacious reclining leather seating with extra legroom
- Itinerary protection
- Free parking at Niagara District Airport

Service schedule:

Depart Niagara (YCM)	Arrive Toronto (YYZ)	Depart Toronto (YYZ)	Arrive Niagara (YCM)
5:30	6:40	8:00	9:20
11:20	12:30	13:00	14:10
16:05	17:30	19:00	20:25

Customers from Niagara who already have an Air Canada booking for flights to or from Toronto Pearson can add a Landline segment to their existing itinerary at no extra cost by calling their contact center, provided they do so by April 30. Passengers may also book the shuttle segment separately from the Marriott On The Falls Hotel or Niagara District Airport on [ca.landline.com](http://ca.landline.com).

## Quotes

"The rubber hits the road this Spring! Air Canada Landline is a meaningful extension to the offerings in Niagara and a big step with major partnerships for Niagara District Airport and Air Canada. I can't wait for our residents to be able to use this incredible one-stop-shop service, and as well for people touching down in Toronto to have a built-in Niagara experience at their fingertips."

- Mayor Jim Diodati, City of Niagara Falls

"Today's announcement of Air Canada Landline marks a meaningful step forward for the future of Niagara District Airport. By improving connectivity today, we are helping build the foundation for the eventual introduction of full commercial air carrier service. At the same time, demonstrating strong demand, both outbound and inbound that will help position Niagara as an even stronger gateway for travel to and from our region."

- Mayor Mat Siscoe, City of St. Catharines

"This new service marks an important milestone for Niagara-on-the-Lake and the entire Niagara Region. As the home of Niagara District Airport, we are proud to help strengthen connections between Niagara and Toronto Pearson International Airport with Air Canada's Landline service, making travel more convenient for regional residents. Thank you to Niagara District Airport and Air Canada for collaborating on this exciting opportunity."

- Lord Mayor Gary Zalepa, Town of Niagara-on-the-Lake

## **Air Canada regional services**

Air Canada operates to 40 communities across Canada, including in partnership with regional carriers Jazz Aviation LP and PAL Airlines. Through its innovative partnership with Landline, Air Canada is extending its regional network to conveniently connect local airports directly to its global network. There is potential to further expand the partnership with Landline to connect with other regional airports in Canada at a future date.

## **About The Landline Company**

The biggest airlines in the world trust Landline to power their first and last mile connectivity. Landline's industry-first platform allows airlines to leverage the seamlessness and affordability of ground transportation to add dynamic new routes to their network without sacrificing on quality or customer experience. Landline operates seamless multi-modal networks on behalf of Air Canada, American Airlines, and Sun Country Airlines. Landline is fundamentally reshaping the way every consumer thinks about the travel day by making air travel multi-modal. Visit [landlineco.com](http://landlineco.com) for more information.

## **About Niagara District Airport**

Niagara District Airport (YCM) is a 362-acre regional transportation hub located in Niagara-on-the-Lake, surrounded by vineyards and protected countryside. Strategically positioned near major tourism, business, and wine destinations, the airport plays a key role in supporting economic development, regional connectivity, and future growth opportunities. The airport is owned by the City of Niagara Falls, City of St. Catharines, and Town of Niagara-on-the-Lake, and is governed by a nine-member commission. Follow the airport on [Facebook](#), [Instagram](#), [X](#), and [LinkedIn](#) and learn more at [www.niagaradistrictairport.com](http://www.niagaradistrictairport.com).
