

MEDIA ADVISORY

Niagara District Airport Engaging on Master Plan Update

May 6, 2025 – Niagara District Airport (NDA) is seeking public input to help shape its 2025 – 2045 Airport Master Plan (AMP).

To ensure the AMP reflects the values and priorities of the Niagara region, the NDA has launched a new [public website](#) for the project and is inviting residents, community groups, local businesses, and media to attend the first of multiple Public Information Sessions tomorrow, May 7.

Public Information Session

- **NDA terminal building, 468 Niagara Stone Rd., Niagara-on-the-Lake ON L0S 1J0**
- **Wednesday, May 7, 2025**
- **3:00 – 5:00 p.m. and 6:00 – 8:00 p.m.**

The information session will provide an opportunity for the community to hear comments, provide feedback, and ask questions regarding the update to the Master Plan.

Those who are unable to attend the Public Information Session are invited to attend a future session to be announced in the coming weeks, or virtually provide their comments on the project website: www.niagaradistrictairportmasterplan2025-2045.ca.

The airport, opened in 1929, is currently operated by the Niagara District Airport Commission, including the City of St. Catharines, the City of Niagara Falls, and the Town of Niagara-on-the-Lake.
